## I NO LONGER BELIEVE IN POLITICAL LIBERALISM

## SOCIAL CONVENTIONS AFFECTED BY WARS AND POLITICAL PROPAGANDA

Examples of modern day social mores that have fallen to the influence of the drum beaters via television, newspapers, films, internet, radio talk shows, and now social networking clubs where people from around the world can connect

with anyone also connected at the touch of a keyboard: Sexual Intercourse: Science has changed the purpose of the former goal of this human desire from propagation of the family to entertainment, and a variety of other morbid desires and fantasies. Social Engineering at its inception Abortions: Thousands, upon thousands are legally performed at today's clinics and hospitals daily.

## **SOCIAL ENGINEERING AT ITS WORST**

Now that Homosexuality has been legalized between two consenting adults an outburst of Pride Organizations and Parades have taken to the streets of the world to openly display their sexual preferences, in a society that is already being seriously damaged with an overflow of openly pornographic videos, photos and literature and countless court cases. Both positions will cause monumental social upheavals in the next few decades. If a man cannot propagate a family legacy he will certainly become inefficacious to mankind in general, although he can survive a lifetime of homosexuality by becoming famous in a world of the arts, literature and the like minded worlds of commerce and public service. Health Care, Retirements and Taxes: Rules and regulations, mandated by the super rich and privileged political parties and Law Makers, that have no concern with these health and aging matters – they can take good care for their families and themselves. They are not influenced by these draconian laws of life's medical survival aids and costs, and eventually life's serenity period.

## TORONTO PRIDE PARADE

WHAT IS?

NATO

The latest NATO summit has just concluded in Warsaw, with the main resolution to send an additional 4000 soldiers into the Baltic States and Poland. Italy will participate with at least 150 soldiers. The decision has been deemed necessary to face the aggressive policy of Putin. In fact, the NATO nations have a total military budget of \$842 billion versus Russia's total of \$46 billion. Troop strength of NATO stands at 3,601,650, versus Russia's 766,000, NATO warships number 1774, while Russia has 352. NATO has 21,245 airplanes vs Russia's 3547. At least in the nuclear field there no great differences.

The above numbers are probably approximate and do not exactly agree with those of the Stockholm International Research Institute. For instance, according to the latter the military budget of the US is \$663 billion plus the EU's \$331 b, for a total of \$994 billion, while Russia has a military budget of \$61 billion

# I NO LONGER HAVE FAITH IN AMERICAN BANKING SYSTEM

Federal Reserve Chair Janet Yellen is no longer due to speak at a global central bank summit starting on Monday, the second high-profile defection after the Bank of England's governor pulled out following Britain's vote to leave the European Union.

An updated version of the programmed of the event, organized by the European Central Bank, showed on Monday that a panel with Yelled, ECB President Mario Draught and BoE Governor Mark Carney had been taken out. Carney had cancelled his attendance over the weekend.

The ECB's Forum on Central Banking takes place every year in Sintra, Portugal.
